sustainability  
seeing the light

### Yoko T. Supernavage

**PRODUCT** Collapsible chair  
**MATERIALS** Baltic birch plywood and polypropylene  
**DESIGN** "This lightweight, portable design saves space and can easily be assembled and disassembled."  
 yokodesignstudio.com

### ArchLab Studio

**PRODUCT** Dynamic screen  
**MATERIALS** Stainless steel, bent steel, and spandex  
**DESIGN** "Interactive and adjustable, this membrane filters space in different ways without sacrificing continuity."  
 1 Union Square West, 506, New York, NY 10003, 212-647-1399, archlabstudio.com

### Handel Architects

**PRODUCT** Nambe seating  
**MATERIALS** Brushed tubular steel and wool  
**DESIGN** "Remember playing with Legos? This seating series gangs via magnets to accommodate all manner of home activities."  
 150 Varick Street, 8th Floor, New York, NY 10013, 212-595-4112, gytape.com

### Flying Leap Furniture

**PRODUCT** Apogee table  
**MATERIALS** Tubular steel, MDF, and automotive paint  
**DESIGN** "I noticed that office workers are drawn to lounge chairs for meetings—but then they're stuck balancing a laptop on their knees or hunching forward to work on a low table. Apogee's work surface comes forward when needed and pushes away when not."  
 43 Sprina Drive, Dayton, OH 45419, 937-293-5803, flyingleapfurniture.com

### Materious

**PRODUCT** Cubby coat hook and stor  
**MATERIAL** Cast urethane  
**DESIGN** "Addressing the space limit urban living, Cubby is a coat hook + beyond conventional form. Rather linear element, like a rail, it's a vertical folds keys and the like."  
 1322 South Wabash Avenue, 305, IL 60605, 312-212-2254, materio
